

How to Check-out an Ebook Using a Mobile App

Students: Sign-in using your district ID number as your Library Card ID and PIN

Teachers/Staff: Use the Library ID and PIN assigned by your librarian

INSTALL | Install the free Axis 360 app by visiting the Apple App StoreSM or Google PlayTM store and search for Axis 360.

LOGIN | Once downloaded, find your library by location or library name. Enter your Library ID (or barcode) and PIN (if applicable). *If you do not know your Library ID and/or PIN, ask your librarian for assistance.*

BROWSE | The **My Library, Browse** and search functions make exploring your library's digital collection easy. **My Library** displays the collection's featured titles, **Browse** allows you to explore by category and the search functionality displays titles based on keywords you have entered.

The  and  icons displayed in the top right corner of each title indicate if it is an ebook or digital audiobook. When these icons appear in grey, they are not presently available for checkout, but can be placed on hold.

CHECKOUT AND READ | Once you've selected an ebook or digital audiobook, tap the **Checkout** button to borrow the item. Once the download is complete, your title will automatically open and you may begin reading immediately. **My Stuff** contains your **Checked Out, Wish List** and **On Hold** titles.

EARLY RETURN | Checked-out items will automatically return at the end of the loan period. However, if you wish to return an item early, go to your **Checked Out** items under the **My Stuff** tab and tap the title you wish to return and select **Return**.
