

Film as Literature syllabus continued – 2016 school year

Grades are based on two types of assessments: a straight percentage grade for ‘regular’ assignments like answering questions about films or small assignments. This grade will be very straightforward 100 – 90 = A etc. This will make up 70% of a student’s grade.

The second grade will be based on proficiency grading using a scale of 1-4. A “3” grade displays proficiency. These assignments will be in the form of assessments and will make up 20% of the students’ grade.

Students will have approximately 10 days to make up work due to excused absences and illnesses beginning with the day they return to school. It is up to the student to ask for their missing assignments.

Remember – students **MUST** have this syllabus signed by Friday February 5th, 2016.
